MESSAGE FROM THE CONFERENCE CHAIRPERSON

Dear Colleagues,

Following the success of the fourth edition of the “UAE International Conference on Antimicrobial Resistance” and on behalf of the of the National Committee of AMR in the UAE, it was an honour and a privilege to have organized the “5th UAE International Conference on Antimicrobial Resistance (ICAMR 2022)”, which was held on 25th & 26th March 2022 in Le Méridien Dubai Hotel & Conference Centre (Airport Road), United Arab Emirates.

This conference was hosted under the Patronage of:
H.E Abdul Rahman Mohammed Al Owais
Minister of Health and Prevention in the United Arab Emirates along with the

**Global Health Leader The World Health Organization
Regional Office for The Eastern Mediterranean.**

Supported by

Ministry of Health & Prevention

Emirates Health Services

In collaboration with

Dubai Health Authority

Department of Health Abu Dhabi

Endorsed by

Emirates Critical Care Conference

APIC United Arab Emirates

We were fortunate to have an outstanding group of high-profile speakers and world leading scientists and clinicians from across the globe who covered a wide range of exciting topics within the field of Antimicrobial Resistance and all related fields; attracting a high number of delegates who greatly benefited from the latest research and up-to-date information discussed at the meeting.

The conference also included various informative learning platforms, panel discussions, refresher courses/workshops and provided an educational program that allowed professionals from academia and the industry to be updated with the latest research and rapid developments occurring in the field to improve the standards of care for patients in the UAE.

This event has provided an exceptional opportunity for attendees to share and acquire knowledge and experience on a wide spectrum of topics that are related to microbiology, infectious disease, infection control, and antimicrobial stewardship in addition to an opportunity to meet and rub shoulders with the experts and innovative educators in the field.

We would like to express our sincere appreciation to all participants, sponsors, exhibitors, supporting organizations and committee members who made this conference a success.

Finally, we would like to invite you to join us for next year's edition on the 17th & 18th March 2023 and make sure to tell your colleagues and friends to join this conference too.

Sincerely,

Dr. Najiba M. Abdulrazzaq

Consultant Internist & Head of Medical
Dept. Al Kuwait Hospital Dubai
Head of Central IPC Committee, MOHAP
& National AMR Committee Co-Chair
Dubai, United Arab Emirates

PROGRAM HIGHLIGHTS

The conference concluded with participation from **26 Countries** and a total of **704 Attendees** registered to the conference. The scientific program content offered **8 Sessions**, **32 Lecture Topics**, **6 Industry Symposia**, **3 Scientific Workshops** and **2 Industry Workshops** during the **2-day** program.

There were **26 Physical Faculty** and **9 Virtual Faculty** Members from **11 Countries** who contributed in the **2-day** conference program.

Conference Objectives

- Obtain critical updates on new technology, products and procedures.
- Network with professional colleagues from across the country and around the world.
- Evaluate a range of products for use in clinical practice.
- Expand Antimicrobial Resistance knowledge into new specialty areas and related fields.
- Review research findings that impact Antimicrobial Resistance practices via poster sessions and abstract presentations.
- Coverage of Antimicrobial Resistance basics to new practitioners.

Conference Highlights

- Antimicrobial stewardship program, NIH
- Multidrug resistance organisms' surveillance
- Infection Prevention and control program in COVID19 era
- Prevention of healthcare associated infections
- Challenges in Occupational health issues during COVID19 waves
- Environmental disinfection in healthcare setting
- Role of new antimicrobials in fighting AMR
- Overview of COVID 19 variants: effects of infectivity and vaccine efficacy
- AMR in paediatric services
- Pharmacist roles in Supporting AMS and AMR
- Understanding Drivers and opportunities for tackling AMR

The 2-day conference targeted participation from the following areas of practice

- Infection disease physicians
- Internal medicine physicians
- Microbiologist
- Pharmacist
- Infection control practitioners
- Critical care physicians
- Lab technicians
- Quality officers
- Public health officers
- Internal Medicine Specialists
- Family and Primary Care Physicians
- Medical Informatics
- Nursing
- Nurses, Nurse Practitioners
- Researchers
- Biomedical Engineers
- Hospital and Corporate Administrators and Executives
- Environmental disinfection in healthcare setting

The conference envisioned the following benefits for the participants through this program:

- Earn **11.5** CME hours by the **Dubai Health Authority (DHA)**
- Meet & learn from an outstanding group of high-profile international speakers covering a wide range of exciting topics in the latest researches & updates on rapid developments occurring in the field of Antimicrobial Resistance.
- Enhance your knowledge on the latest & up-to-date technologies in the field of Antimicrobial Resistance.
- Network, meet and build relationships with your peers in the field of Antimicrobial Resistance.
- Participate in various comprehensive informative session including panel discussion.

The conference also received support and collaboration from **17** companies who sponsored and exhibited during the conference as well as received **2** endorsement from societies and associations. Overall the conference achieved great success.

CONFERENCE INAUGURATION & OPENING CEREMONY

The Opening Ceremony of the **5th UAE International Conference on Antimicrobial Resistance (ICAMR) 2022** was hosted by **Dr. Hadi Atteli**. The Ceremony begun with the United Arab Emirates National Anthem followed by the Holy Quran Recitation.

The Inaugural Speech was then delivered by the Guest of Honor, **His Excellency Dr. Hussain Abdul Rahman Al Rand, Assistant Undersecretary for Health Centers and Clinics, Ministry of Health & Prevention, United Arab Emirates**.

The guest of honor emphasized on the importance of campaigning for better awareness and management of Antimicrobial Resistance as well as coming up with new and innovative ideas aiming at developing the ICU Departments locally and internationally, to equally train the elite healthcare professionals and learn about the latest equipment and best practices. He also encouraged to be up to date with the rapid developments occurring in the field to improve the standards of care for patients with Antimicrobial Resistance in the UAE.

Lastly, the ceremony concluded with Speech from the Chairman, Dr. Najiba M Abdulrazzaq, Consultant Internist & Head of Medical Department - Al Kuwait Hospital Dubai, Head of Central IPC Committee - MOHAP, National AMR Committee Co-Chair and the President of The UAE International Conference on Antimicrobial Resistance (ICAMR).

CME/CPD Accreditation

The **5th UAE International Conference on Antimicrobial Resistance (ICAMR) 2022** was accredited with **11.5** CME/CPD Credit Hours by **Dubai Health Authority (DHA)**.

SCIENTIFIC PROGRAM

The conference program was delivered on **25 - 26** March 2022 in **1** main hall and a breakout rooms for workshops.

Following Topics were the highlights of the conference

- Antimicrobial Resistance - AMR
- Antimicrobial stewardship programs - ASP
- Infection-Prevention-Control - IPC
- COVID-19

07:30 - 08:30 Registration Welcome and Introduction

08:30 - 10:25 Session 1: AMR
Chairpersons: Ashraf El Houfi  & Dirar Abdullah 08:30 - 08:50 NIH AMR priorities and plans  Dennis Dixon 
08:50 - 09:10 Antimicrobial resistance: what have we learned?  Souha S. Kanj 

09:10 - 09:25 Opening Ceremony

09:25 - 09:35 World Antibiotic Awareness Week Poster competition- Winner Announcement

09:35 - 09:55 NIH/NIAID efforts to facilitate Antibiotic development  Dennis Dixon 
09:55 - 10:15 Antimicrobial resistance: a reason for renewed solidarity   Hanan Balkhy 
10:15 - 10:25 Panel Discussion

10:25 - 10:45 Coffee Break & Networking for the afternoon coffee breaks

10:45 - 12:15 Session 2: ASP
Chairpersons: Nehad Shirawi  & Duaa Jawhar 10:45 - 11:05 Establishing stewardship with limited resources  Jacqueline Sneddon 
11:05 - 11:25 Optimizing Antibiotic Prescribing "rules of engagements"  Ashraf ElHoufi 
11:25 - 11:45 Difficult to treat gram negative Infections  Matteo Bassetti 
11:45 - 12:05 HAI outbreak detection with WHONET-SaTScan  John Stelling 
12:05 - 12:15 Panel Discussion

12:15 - 12:45 Industry Symposium 1

Novel Empiric Option for Nosocomial
Pneumonia Patients Abdel Rahman Bizri 

12:45 - 14:00 Friday Prayer & Lunch Break

14:00 - 15:30 Session 3: IPC
Chairpersons: Abeer Rajeh  & Najiba Abdulrazzaq 14:00 - 14:20 Is HAI preventable: Can we reach to Zero  Majid Al Shamrani 
14:20 - 14:40 One-year CAUTI free and beyond  Elias Tannous 
14:40 - 15:00 Hand hygiene, things you don't know about  Majid Al Shamrani 
15:00 - 15:20 Think through your risk  Joseph Tannous 
15:20 - 15:30 Panel Discussion

15:30 - 16:00 Industry Symposium 2

Anti-Fungal resistance & the role of
Liposomal Amphotericin B Ignacio Martin-Loeches 

16:00 - 16:20 Coffee Break

16:20 - 17:50 Session 4: ASP
Chairpersons: Layla Dabbal  & Majid Shamrani 16:20 - 16:40 AMR in dentistry- Peculiarities and Opportunities  Mousa Marashdeh 
16:40 - 17:00 Challenging cases from ASP Rounds  Rania ElLababidi 
17:00 - 17:20 Telemedicine in Infectious diseases  Rima Abdel Massih 
17:20 - 17:40 Empirical antibiotics for Community acquired Pneumonia  Khalid El Jaaly 
17:40 - 17:50 Panel Discussion

17:50 - 18:00 Closing Remarks - End of Day 1

Workshops DAY 1

10:45 - 12:45 Infection control Risk Assessment and Healthcare
associated Infections  Joseph Tannous 14:00 - 16:00 PK/PD : from Text Book to Bedsid  Duaa Salem Jawhar 14:00 - 16:00 WHONET Workshop  Jens Thomsen 
 John Stelling

Ajman Pharmacy students won first place in the Antibiotic Resistance poster competition conducted by the UAE National Antibiotic Resistance Committee

Wednesday, Apr 13, 2022

Students of the College of Pharmacy and Health Sciences at Ajman University participated in the Poster competition held in November 2021 as a part of the celebration of the World Antibiotic Awareness Week (WAAW) which is celebrated from 18-21 November every year. Students went through a tough competition against other students from universities all over UAE, with over 100 posters. Eight student groups from AU have been selected for the final round. Final winners of the competition were announced during the 5th International Conference on Antimicrobial Resistance (ICAMR) which was held from March 25-26, 2022, at Le Meridien Hotel and Conference center Dubai.

To our delight our students **Sana Inah, Fatma Alzabab and Mohan Yehia** under the supervision of **Prof. Ensham Alayth** won the first place and were awarded trophy and certificates during the special ceremony for the announcement of the winners.

The Dean of the College of Pharmacy and Health Sciences at Ajman University, Prof. Najib Hassan, congratulated the students and their supervisor for winning the first place, which confirms the leadership of the university and its senior management to provide the appropriate atmosphere and support to achieve the university's goals of spreading medical awareness to the community.

5th UAE Int'l Conference on Antimicrobial Resistance

Conference Garhoud 25 Mar 22 09:00 AM

Join your fellow healthcare professionals in the antimicrobial resistance (AMR) field as they convene on the 5th edition in Dubai, UAE, scheduled on 25 & 26 March 2022.

Fee	Check website
Event Location	Le Meridien Dubai Hotel & Conference Centre, Dubai
Area	Garhoud
Start Time	25 March 2022, 09:00 AM
End Time	26 March 2022, 06:00 PM
Website	www.icamr-uae.com

ICAMR 2022 promises you an enriching scientific and educational gathering, which will shed light on the latest advances in research and practice through presentations and interactive discussions with a current, in-depth quality scientific contents in the field of Antimicrobial Resistance. The conference is organized by the National Antimicrobial Resistance Committee in UAE.

We believe that the conference will provide an exceptional opportunity for everyone to share and acquire knowledge and experience on a wide spectrum of topics that are related to microbiology, infectious disease, infection control, and antimicrobial stewardship in addition to an opportunity to meet and rub shoulders with the experts in the field and innovative educators.

الإمارات الأكثر تميزاً في التعامل مع كوفيد والأسرع تعافياً

International Conference on Antimicrobial Resistance (ICAMR)

25-26 March 2022

Meridien Dubai Hotel & Conference Center, Dubai, United Arab Emirates

www.ICAMR-UAE.com | #ICAMRUAE | #IPE

دبي - عماد عبد الحميد

25 مارس 2022

ت + | - الحجم الطبيعي

أكد الدكتور حسين عبد الرحمن وكيل وزارة الصحة المساعد للصحة العامة أن دولة الإمارات كانت الأكثر تميزاً في التعامل مع جائحة كوفيد 19 والأسرع تعافياً.

وقال لدى افتتاحه مؤتمر الإمارات الخامس لمكافحة مقاومة مضادات الميكروبات الذي انطلقت فعالياته اليوم في فندق لو ميريديان المطار إن منظمة الصحة العالمية قد أعلنت أن مقاومة مضادات الميكروبات من التهديدات العالمية العشرة الرئيسية للصحة العامة التي تواجه البشرية.

وقال إن مقاومة مضادات الميكروبات تشكل تهديداً عالمياً للصحة والتنمية، وتعد إساءة استعمال مضادات الميكروبات والإفراط في استعمالها المحركين الرئيسيين لظهور الميكروبات المقاومة للأدوية.

وتظل قدرتنا على علاج الالتهابات الشائعة مهددة بظهور وتفشي الميكروبات المقاومة للأدوية التي تبتكر آليات مقاومة جديدة تسفر عن ظهور مقاومة مضادات الميكروبات.

الإمارات كانت الأكثر تميزاً في التعامل مع جائحة كوفيد-19 والأسرع تعافياً

March 25, 2022 by Editorial staff

أكد وكيل وزارة الصحة المساعد للصحة العامة الدكتور حسين عبد الرحمن الرند أن دولة الإمارات الأكثر تميزاً في التعامل مع جائحة كوفيد 19 والأسرع تعافياً.

وقال الرند خلال مؤتمر الإمارات الخامس لمكافحة الميكروبات الذي انطلقت فعالياته اليوم في فندق لو ميريديان المطار أعلنت أن من التهديدات العالمية العشرة الرئيسية للصحة العامة التي تواجه البشرية.

وقال إن مقاومة تشكل تهديداً عالمياً والتنمية، وتعد استعمال مضادات الإفراط في استعمالها المحركين وتظل آليات مقاومة تسفر عن ظهور مضادات الميكروبات.

وأوضح الرند أن وزارة الصحة ووقاية المجتمع وضعت خطة وطنية مبنية على أسس علمية للحد من مقاومة مضادات الميكروبات عن طريق زيادة الوعي بظاهرة مقاومة مضادات الميكروبات وفهمها، وتعزيز الترصد والبحث، وتخفيض معدلات الإصابة بعدوى الالتهابات، واستعمال الأدوية المضادة للميكروبات على الوجه الأمثل، وضمان استدامة الاستثمار في مجال مكافحة مقاومة مضادات الميكروبات، مبنية أن الخطأ الوطنية مبنية على مفهوم الصحة الواحدة القائم على أساس أن البشر مرتبطة بصحة الحيوان، مما يتطلب تضافر جهود القطاعات الصحية من أطباء وبيطريين وعلماء البيئة والصحة العامة وغيرها من التخصصات للوصول إلى صحة أفضل.

وأشار إلى أن العالمية أعلنت أن الميكروبات تعتبر من التهديدات العشرة الرئيسية للصحة العامة أن مقاومة مضادات للصحة استعمالها المحركين الرئيس لظهور الميكروبات المقاومة للأدوية.

مؤتمر الإمارات الدولي لمكافحة مضادات الميكروبات ينطلق بدبي بمشاركة 500 مختص

شهرين ago

Mh Hegazy

وام / انطلقت في دبي اليوم فعاليات مؤتمر الإمارات الدولي الخامس لمكافحة مضادات الميكروبات الذي تنظمه وزارة الصحة ووقاية المجتمع بالتعاون مع هيئة الصحة بدبي ومنظمة الصحة العالمية وشارك فيه أكثر من 500 طبيب وممرض واستشاري من مختلف دول العالم ويستمر يومين في فندق "لوميرديان دبي - المطار".

وأكد الدكتور حسين عبدالرحمن الرند وكيل وزارة الصحة ووقاية المجتمع المساعد للصحة العامة خلال كلمته في افتتاح المؤتمر أن الوزارة وضعت خطة وطنية مبنية على أسس علمية للحد من مقاومة مضادات الميكروبات عن طريق زيادة الوعي بظاهرة مقاومة مضادات الميكروبات وفهمها وتعزيز الترصد والبحث وتخفيض وتقييد معدلات الإصابة بعدوى الالتهابات واستعمال الأدوية المضادة للميكروبات على الوجه الأمثل وضمان استدامة الاستثمار في مجال مكافحة مقاومة مضادات الميكروبات.

وقال إن الخطة الوطنية مبنية على مفهوم الصحة الواحدة القائم على أساس أن صحة البشر مرتبطة بصحة الحيوان ما يتطلب تضام جهود القطاعات الصحية من أطباء وبيطريين وعلماء البيئة والصحة العامة وغيرها من التخصصات للوصول إلى صحة أفضل.. مشيراً إلى أن منظمة الصحة العالمية أعلنت أن مقاومة مضادات الميكروبات تعتبر من التهديدات العالمية العشرة الرئيسية للصحة العامة التي تواجه البشرية حيث إن مقاومة مضادات الميكروبات تشكل تهديداً عالمياً للصحة والتنمية وتعد إساءة استعمال مضادات الميكروبات والإفراط في استعمالها المحركين الرئيسيين لظهور الميكروبات المقاومة للأدوية.

وأضاف: "نظراً قدرتنا على علاج الالتهابات الشائعة مهددة بظهور وتفشي الميكروبات المقاومة للأدوية التي تبتكر الابات مقاومة جديدة تسفر عن ظهور مقاومة مضادات الميكروبات والكل يرى أن المقاومة مضادات الميكروبات تكاليف طائلة إضافة إلى ما تخلفه الاعتلالات الممتدة الأمد ومن وفيات وإعاقات تسفر عن إطالة مدة مكوث المرضى في المستشفيات وحاجتهم إلى أدوية أعلى ومواجهتهم لتحديات مالية".

وذكر الدكتور الرند أن مقاومة مضادات الميكروبات مشكلة معقدة لذا لا بد من اتخاذ إجراءات عاجلة متعددة القطاعات من أجل تحقيق أهداف التنمية المستدامة في تقليل مقاومة الميكروبات وتعزيز جوانب الابتكار وزيادة الاستثمارات في إجراء البحوث العلمية والاضطلاع بأشعة البحث والتطوير فيما يتعلق باستحداث أدوية ولقاحات ووسائل تشخيص مضادة للميكروبات.

وبدورها أوضحت الدكتورة نجية عبدالرزاق رئيسة المؤتمر أن مقاومة الميكروبات للمضادات الحيوية من أكبر المخاطر التي تعترض الصحة العالمية والأمن الغذائي بسبب إساءة استعمالها عند إعطائها للإنسان والحيوان حيث بات علاج عدوى الالتهابات المتزايدة أقل تأثيراً بعد تضاؤل فعالية المضادات الحيوية التي تؤدي مقاومتها من الميكروبات إلى تمديد فترة الإقامة في المستشفى وارتفاع التكاليف الطبية وزيادة معدل الوفيات.. لافتة إلى أنه من المتوقع أن تكون مقاومة الميكروبات للمضادات الحيوية السبب الرئيسي للوفاة عام 2050.

ونوهت بأن المؤتمر سينتاول مجموعة واسعة من الموضوعات تتعلق بكيفية إدارة مكافحة العدوى والوقاية منها بفعالية ومنع ظهور الكائنات المقاومة للمضادات الحيوية المتعددة "MDROs" كجزء من أهداف سلامة المرضى وتحسين الجودة في مكافحة العدوى.. مشيرة إلى أن المؤتمر استعرض خطة عمل اللجنة الوطنية لمكافحة مقاومة مضادات الميكروبات على المستوى الوطني والإقليمي وبرامج مراقبة الكائنات المتعددة المقاومة والوقاية من العدوى ومراقبة برنامج إدارة الوفاة من الالتهابات المرتبطة بالرعاية الصحية وقضايا الصحة المهنية للوقاية من العدوى ودور المختبر المرجعي الوطني وتكنولوجيا المعلومات.

وأضافت الدكتورة نجية عبدالرزاق أن المؤتمر استهدف عدداً من التخصصات المعنية بما يشمل أطباء أمراض العدوى وأطباء الطب الباطني الميكروبيولوجي والمصايدة وأطباء الرعاية الحرجة وفنيو المعامل وضباط الجودة ومسؤولو الصحة العامة وأطباء الأسرة والرعاية الأولية والمعلوماتية الطبية والممرضات ومهندسي الطب الحيوي.. بالإضافة إلى أهم شركات صناعة الأدوية والأجهزة الطبية التي تعنى بمكافحة مقاومة مضادات الميكروبات.

الخميس، ٢٤ مارس ٢٠٢٢ - ٢:٢٢ - ٢:٢٩ م
عدا الطلاق مؤتمر الإمارات الدولي
لمكافحة مقاومة مضادات
الميكروبات

دبي في 24 مارس/ وام / انطلقت عدا فعاليات مؤتمر الإمارات الدولي الخامس لمكافحة مقاومة مضادات الميكروبات الذي تنظمه وزارة الصحة ووقاية المجتمع بالتعاون مع هيئة الصحة بدبي ومنظمة الصحة العالمية ويستمر يومين في فندق "لو ميرديان دبي - المطار".

يقام المؤتمر برعاية معالي عبدالرحمن بن محمد العويس وزير الصحة ووقاية المجتمع بمشاركة 500 طبيب وممرض واستشاري من مختلف فئات العالم ودولي 15 شركة عالمية من أهم شركات صناعة الأدوية والتجذرة الطبية التي تعنى بمكافحة مقاومة المضادات.

وأكدت الدكتورة نجية عبدالرزاق رئيسة اللجنة المركزية لمكافحة العدوى في دولة الإمارات أن رئاسة المؤتمر لهذا الحدث ذوو شأن يمثل فرصة مثالية للوقوف على أحدث المعارضات العالمية في مجال مضادات الميكروبات في العالم بمشاركة نخبة من فئات القطاع الصحي والقطاع الأكاديمي والقطاع الصناعي مع النخبة المتخصصة في تطوير مضادات الميكروبات مسيرة إلى أن دولة الإمارات كانت من الدول السالفة في المنطقة لتسعى كطرف الفعاليات الدولية من المبادرات الخاصة من غير مهمة طبية بالإضافة إلى طرحتها أحدث أدوية المضادات الحيوية المدمجة في الدولة لتأهلت كخيارها المفضل.

وأضافت أن المؤتمر سينتاول مجموعة واسعة من الموضوعات تتعلق بكيفية إدارة مكافحة العدوى والوقاية منها بفعالية ومنع ظهور الكائنات المقاومة للمضادات الحيوية المتعددة كجزء من أهداف سلامة المرضى وتحسين الجودة في مكافحة العدوى.. مشيرة إلى أن المؤتمر استعرض خطة عمل اللجنة الوطنية لمكافحة مقاومة مضادات الميكروبات على المستوى الوطني والإقليمي وبرامج مراقبة الكائنات المتعددة المقاومة والوقاية من العدوى ومراقبة برنامج إدارة الوفاة من الالتهابات المرتبطة بالرعاية الصحية وقضايا الصحة المهنية للوقاية من العدوى ودور المختبر المرجعي الوطني وتكنولوجيا المعلومات.

وأكدت الدكتورة نجية عبدالرزاق أن مقاومة الميكروبات للمضادات الحيوية من أكبر المخاطر التي تعترض الصحة العالمية والأمن الغذائي بسبب إساءة استعمالها عند إعطائها للإنسان والحيوان حيث بات علاج عدوى الالتهابات المتزايدة أقل تأثيراً بعد تضاؤل فعالية المضادات الحيوية التي تؤدي مقاومتها من الميكروبات إلى تمديد فترة الإقامة في المستشفى وارتفاع التكاليف الطبية وزيادة معدل الوفيات.. لافتة إلى أنه من المتوقع أن تكون مقاومة الميكروبات للمضادات الحيوية السبب الرئيسي للوفاة عام 2050.

وسينتهدف المؤتمر عدداً من التخصصات المعنية بشمل أطباء أمراض العدوى والوقاية الباطني الميكروبيولوجي والرعاية الحرجة والمصايدة والمعامل وضباط الجودة ومسؤولو الصحة العامة وأطباء الأسرة والرعاية الأولية والمعلوماتية الطبية والممرضات ومهندسي الطب الحيوي.. بالإضافة إلى أهم شركات صناعة الأدوية والتجذرة الطبية التي تعنى بمكافحة مقاومة مضادات الميكروبات وذلك لتسعى كطرف الفعاليات الدولية من المبادرات الخاصة من غير مهمة طبية بالإضافة إلى طرحتها أحدث أدوية المضادات الحيوية المدمجة في الدولة لتأهلت كخيارها المفضل.

ويستهدف المؤتمر عدداً من التخصصات المعنية بشمل أطباء أمراض العدوى والوقاية الباطني الميكروبيولوجي والرعاية الحرجة والمصايدة والمعامل وضباط الجودة ومسؤولو الصحة العامة وأطباء الأسرة والرعاية الأولية والمعلوماتية الطبية والممرضات ومهندسي الطب الحيوي.. بالإضافة إلى أهم شركات صناعة الأدوية والتجذرة الطبية التي تعنى بمكافحة مقاومة مضادات الميكروبات وذلك لتسعى كطرف الفعاليات الدولية من المبادرات الخاصة من غير مهمة طبية بالإضافة إلى طرحتها أحدث أدوية المضادات الحيوية المدمجة في الدولة لتأهلت كخيارها المفضل.

توصية بإنشاء قاعدة بيانات وطنية مركزية لمعلومات مقاومة المضادات

26 مارس 2022 21:53 مساءً

الدكتورة نجية عبدالرزاق

دبي: إيمان عبدالله آل علي

أوصى مؤتمر «الإمارات الدولي الخامس، لمكافحة مضادات الميكروبات» في ختام فعالياته السبت، في فندق «لو ميرديان المطار» بدبي، بضرورة إنشاء قاعدة بيانات وطنية مركزية للمعلومات ذات الصلة بمقاومة المضادات، وإلزام المستشفيات في الدولة بضرورة الإبلاغ الفوري عن نسبة الالتهابات المرتبطة بعدوى المنشآت الصحية، والاستمرار في رصد مقاومة مكافحة الميكروبات وإدراج عدد أكثر من المنشآت الصحية الخاصة في البرنامج، وإدراج الاستخدام الأمثل لمضادات الميكروبات متطلباً ضمن المعايير الوطنية للمستشفيات

وأوضحت الدكتورة نجية عبدالرزاق، رئيسة المؤتمر، أن نسبة الاستخدام العشوائي للمضادات الحيوية في الدولة، انخفضت كثيراً بعد قرار وزارة الصحة ووقاية المجتمع، بعدم صرف المضادات الحيوية إلا بوصفة طبية، مشيرة إلى أن توقعات منظمة الصحة العالمية أن تكون مضادات الميكروبات من أكثر الأسباب المؤدية للوفاة عام 2050. وقالت إن عدد المنشآت الصحية المشاركة في برنامج التقصي الوطني، ارتفع إلى 272 مؤسسة من القطاعين العام والخاص من 170 منشأة عام 2017.

وأشارت إلى أن جائحة «كورونا»، كشفت مدى حاجة الدولة إلى بعض التخصصات الطبية، مثل علم الوبائيات والميكروبات. لافتة إلى أن هناك تخصصات لا يتعدى فيها عدد الأطباء المواطنين عدد أصابع اليد.

وقال الدكتور حسين الرند، وكيل الوزارة المساعد لقطاع الصحة العامة، في تصريحات للصحفيين على هامش المؤتمر: إن الوزارة وضعت خطة طويلة الأمد، لتشجيع المواطنين على الانخراط بمثل هذه التخصصات. لافتة إلى أن دراسة الطب تحتاج إلى سنوات طويلة من الدراسة عكس الوظائف الأخرى، ولا بد لطالب الطب أن تكون له رغبة واستعداد. لافتة إلى أن معظم طلبة الطب يفضلون التخصصات التي تدر عليهم دخلاً إضافياً، لمواجهة الارتفاع في مستوى المعيشة، ومن ثم تشجيع أطباء التخصصات النادرة وتقديم الحوافز لهم أثناء الدراسة وبعدها.

ما هي مضاعفات الاستعمال الخاطئ لمضادات الميكروبات على صحتنا؟

الإمارات.. الأكثر تميزاً والأسرع تعافياً من كورونا

الجمعة 25 مارس 2022 12:56 مساءً

بسام محمد - متابعة - نغم حسن

أكد وكيل وزارة الصحة المساعد للصحة العامة في الإمارات أن بلاده هي الأكثر تميزاً والأسرع تعافياً من كورونا.

وبحسب "البيان"، قال الدكتور حسين عبد الرحمن لدى افتتاحه مؤتمر الإمارات الخامس لمكافحة مضادات الميكروبات، إن "منظمة الصحة العالمية قد أعلنت أن مقاومة مضادات الميكروبات من التهديدات العالمية العشرة الرئيسية للصحة العامة التي تواجه البشرية".

وأضاف أن "القدرة على علاج الالتهابات الشائعة مهددة بظهور وتقشي الميكروبات المقاومة للأدوية التي تبتكر آليات مقاومة جديدة تسفر عن ظهور مقاومة مضادات الميكروبات".

Step 2: Open the “**ICAMR**” App on your mobile device's home screen

Step 3: Find the Current & Upcoming Event from the list "**The 5th UAE International Conference on Antimicrobial Resistance**". Click “**Open**” to download the event.

Step 4: Enter your first & last name and the registered email ID to receive an OTP (one time password) on your registered email ID to log in to the Event App.

*Note: Only registered attendees will be able to access the full Event App. If you do not receive the OTP, it means your email ID is not registered to the conference.

If you are registered but with a different email which is not configured on your mobile device, contact InfoPlus Helpdesk onsite to add your alternate email ID. After which attendees can log in again to receive the verification OTP to access the full mobile App.
